## LOCATION

GenBiome is located in Edgecliff Court, 2 New McLean Street, a few meters away from the corner of New McLean Street and New South Head Road.

### Arriving by train (3 minutes walk from Edgecliff station)

Edgecliff station is located in the Eastpoint Food Fair Centre.

From the station, follow the left exit labelled New McLean Street. Once outside the shopping centre, cross the road via the pedestrian crossing and turn right walking down New McLean street. The clinic is 140 metres down the road on the left-hand side, up the stairs or ramp access into Edgecliff Court. Suite 2 is located on the ground floor on the left after you have entered our beautiful courtyard garden.

Alternatively, you can follow the right shopping centre exit in the direction of New South Head Road (recommended in wet weather). When exiting the shopping centre, turn left walking down New South Head Road. Arrive at New McLean Street and cross the road at the traffic lights. Next Practice GenBiome Clinic is 20 metres to the left of the traffic lights on New McLean Street number 2, within Edgecliff Court.

**Driving to the clinic** If you are driving to Next Practice - GenBiome, timed metered parking is available on New McLean Street and the surrounding streets. Parking is also available at Edgecliff Parking, the entrance is on New McLean Street under the Aldi sign of the shopping centre. The first 90 minutes of parking are free. 150m further into New McLean Street, just before the roundabout, you can also park at the Eastpoint carpark; the first 120 minutes are free.

## FRAGRANCE FREE POLICY

Due to the toxic chemicals generally contained in fragrance products, we choose to be fragrance free for ourselves, our families and our patients. We ask that you respect this and do not wear perfume or scented body care products when attending the clinic. For more explanation read our article on [Multi Chemical Sensitivity](#). Our cleaning company is using eco-friendly, non-toxic and biodegradable cleaning products to service our premises.

### At GenBiome, we have chosen to be SafeG™

This means we are operating without WIFI through a cabled network, including our iPads. If you do not need connectivity, we appreciate if you can switch to airplane mode on your mobile device when attending the premises in order to reduce Electromagnetic Radiation (EMR) exposure for yourself, staff and other patients

**SafeG™** means safe, fast, reliable, secure internet and telecommunications services brought into our homes and businesses by wired technology. It means technology that safeguards our health, privacy and security and that evolves over time with the goal of reducing exposure to harmful wireless radiation

Appointments can be booked online at <https://genbiome.nextpracticehealth.com>
